24th September 2021

Dear Parents,

Thank you for your support on what has been a challenging week. I know many of you will be concerned about cases in school. We will continue to follow guidance and monitor the situation closely.

If your child is showing any of these symptoms in school we will call and ask for you to collect them and any siblings as soon as possible to access a PCR test:

- **a high temperature**
- **a new, continuous cough**
- **a loss or change to your sense of smell or taste**

Not every case has followed classic symptoms, if your child is generally unwell we would ask you to be more cautious than you would usually be when you consider whether or not to send them in.

If your child becomes unwell over the weekend please email head@yaxham.norfolk.sch.uk to keep us updated.

Strange events!

With everything else that has been happening you may have missed the news that we had a strange occurrence in school this week! Hedgehog class discovered that 'something' had crash landed into our hall!

The children later received a letter from Beegu who was clearly frightened and looking for some friendly people to help her. They know that she is small and yellow but they haven't managed to find her yet. They have done some research on how to care for an alien. So if you find her they have asked if you can make sure she has food, something to drink and a bed to rest in and they will decide what to do next week.

We will keep you updated!

Special Awards this week:
