

Hedgehogs 2020/21 - 'Over the Rainbow' Home Learning Challenges - Summer 1

Our topic this half-term is about colours and colour-mixing. We will also be learning about some different artists.

Colour Wheel

Make your own colour wheel. Only use primary colours (blue, red and yellow) and mix them together to make the colours in between.

You could use paints, chalks or pastels.

There is a colour wheel on the website that might be helpful.

Rainbow flowers

Place a white flower in vase of water with food colouring added. Look at the flower each day and see what has happened.

Why has this happened?

You could try doing this with more than one colour.

Rainbow Collage Display

We have started a big rainbow collage on the display board in our classroom. At the moment we only have the colour purple on our rainbow.

Can you cut out some red, orange, yellow, green and blue pictures from magazines to add to our rainbow?

Colour Hunt

Can you find some objects for each of the colours of the rainbow?

Record what you have found on a tally chart.

Which colour did you find the most of?

You could even do a survey of the car colours that pass your house!

Artists

Watch one of the 'Art with Mati and Dada' video clips on youtube.

Which artist did you learn about? Can you recreate one of their pieces of art?

Challenge: You could even write a fact file about this artist or record yourself saying some facts about them.

Self-Portrait

Create a portrait of someone in your family or a self-portrait.

You might need a mirror so you can look carefully at your face.

You can use any materials you like to create your portrait (pens, pencils, crayons, pastels, paints, collage...).

Find a Rainbow

You might be lucky enough to spot your own rainbow!

Take a photograph or make a picture of your rainbow.

What was the weather like when it appeared?

Virtual Art Gallery

Visit the website

www.tate.org.uk/kids

Go to the 'make' section and choose one of the activities to have a go at.

You could also explore the other pieces of art on the website too.
