

Yaxham CE VA Primary School
Fire Safety amendments due to reduced occupancy
May 2020

Due to the movement of groups within school we will need to ensure that all staff and children are aware of the emergency evacuation procedures in their classroom base. Please take time to familiarise yourself with the procedure and evacuation route before commencing work

Fire drills will continue to be held as normal with social distancing measures in place. A fire drill will take place in the first week when more pupils return.

Unoccupied areas	Use of the log cabin will be limited. This will be checked at the end of lunch when children will have access to use the toilet
Roles and responsibilities during evacuations	Responsibilities during this period remain unchanged
Assembly points	Assembly points remain unchanged
