

BRITISH SCIENCE WEEK

Theme of 'Growth'

Introduction

The theme for British science week 2022 is 'growth' and Sir Isaac Newton Sixth Form is holding their own competition **for students in Year 3 to 6** in celebration of this event! Have a talent for drawing or making models? Good at making and editing videos? Have a go and discover something new in STEM (science, engineering, maths and technology) around the theme of growth and **have a chance to win one of our prizes**. We look forward to seeing your inventions!

Criteria

- Design a poster/ model/ piece of writing or a video
- Video has to be between 2 and 5 minutes long
- Create or invent a solution to 'growth'
- Add explanations to your invention
- Submit with your name, age, class and school
- Don't forget to title your work!

Did you know?

385,000 babies are born in a day. That's around 140 million a year

Can you design an effective housing system to keep up with population growth?

Submit

Once finished, present your piece to your teacher by the 21st April 2022. All entries will be displayed at our STEMM summer event at Sir Isaac Newton and prizes will be awarded to the winner and runner up in each age category.
