Dear Parents,

Thank you so much for your responses to our survey regarding the school day. Your thoughts will be really useful when we come to making a decision with governors later in the term. Although I am aware some parents would rather there be no change at all, this is a government directive and all schools will need to ensure that they are providing the correct number of teaching hours. This may mean that if you have children at other schools, their times may also change within the coming year. We will inform parents as soon as a decision has been reached to allow you time to plan.

Thank you to all who help raise funds for our Science equipment by attending the quiz night, we are really enjoying putting the equipment to good use!
