5th November 2021

Dear Parents,

It has been a flying start to the new half term with children getting straight into work as if they have never been away! This has been my favourite day of the week so far, seeing children in Badgers Class tasting figs after they were mentioned in their class text. Many especially liked fig rolls and plan to ask parents to buy them in future!

It seems many children have been exploring new online games over the holiday. This is often something that comes up but we have really noticed this week how many children seem to be accessing games with inappropriate contents. Parental guidance regarding these can be found at the end of the newsletter.

Special Awards this week:

Hedgehog Class

Georgia for her super blending skills in phonics.

Badger Class

Harry for really taking his time and putting great care into his art work this week.

Fox Class

Alfred for having a super attitude to learning and working really hard.

Writer of the Week

Jazz for her great letter about the bear under the stairs!

Book of the Week

Izzy chose 'Tom Gates everything's amazing (sort of)' this week. Fox Class recently chose new Tom Gates books for our library so it is definitely worth having a look if you enjoy these books.

Other Messages

Parent Meetings

Booking will be open until Thursday lunchtime so please make sure you make your appointments before then. If you have any problems please do get in touch.

Yaxham CE VA Primary School's
Reception Open Evening
Tuesday 2nd November 2021
4pm – 5:30pm

On this day we would like to welcome anyone who has a child starting school in September 2022 to come and join us for a **FREE** Little Mess session, as well as a tour of our school.

Little Mess is an amazing sensory experience in which your little ones can explore and investigate a range of activities.

Our theme for this session will be **Fireworks!**

The Little Mess session will run from 4:15 – 5:15. Tours will be available either side of this at 4pm or 5:15.

Please contact us to book your place and let us know which tour time you prefer.

office@yaxham.sch.org.uk 01362 692033

You may also like to watch our virtual tour on our website.
<https://yaxham-cofe-primary.eschools.co.uk>

We look forward to meeting you all and welcoming you to our school.

Open Evening

It was lovely to see lots of families at our open evening. Sadly Little Mess had to cancel but have offered us a new date, so families are more than welcome to come and see us again as well as anyone who couldn't attend on the previous date. This is a great opportunity to meet staff and talk about our school. We will be sharing the new date as soon as possible.

Bags2school

Bags2school collection on 29th November 2021, further details to follow after half-term.

Dress for the weather

We have really noticed a change in the weather this week. Children are really starting to feel the cold so please make sure they have warm coats etc. Those who are doing after school clubs would benefit from hats and gloves too!

Best wishes,

Jennie Müller

Headteacher

Dates for your Diary:

Appointments for viewing books 12th November 2021

Virtual Parent Meetings w/c 15th November 2021

Children in Need - we will be dancing for Pudsey so children can come in party clothes! 19th November 2021

Bags2School 9am 29th November 2021

Christmas decoration day - children come in clothes you don't mind getting messy! 3rd December 2021

Christmas Jumper Week - Children can wear a christmas jumper any day or everyday this week! They will need to wear uniform if not wearing a Christmas jumper w/c 13th December 2021

End of Autumn Term 17th December 2021

What Parents Need to Know about SQUID GAME

AGE RESTRICTION
15+
Suitable only for 15 years and over.

With themes of horror and violence, it's important for parents and carers to understand the potential risks posed to young audiences by the nine-episode Netflix-exclusive TV show, *Squid Game*. The series, rated 15+, is about a world where contestants who are deeply in debt play children's games in order to win cash prizes. The losers, however, are violently killed. The show's popularity has meant it has spread in various guises across online platforms, with a heightened risk of children and young people potentially viewing unsuitable content. That's why we've created this guide to help parents and carers understand exactly what *Squid Game* is all about.

INAPPROPRIATE CONTENT

Some might argue that *Squid Game* contains content that might not even be suitable for older teens, let alone young children. Characters are brutally tortured and killed through stabbings or getting shot as a result of rules developed and enforced by a masked game master. The show also features sexual content and threats of sexual violence, as well as a strong theme of gambling that runs throughout the whole show.

APPEAL TO YOUNG PEOPLE

Whilst the content is very much adult-themed, some features of the show seem to appeal to young children at face-value. The name 'Squid Game' may be interpreted as a programme aimed at children rather than adults. The content itself, such as the bright and childish aesthetics, may also appeal to young children, particularly as there's a focus on playground games to go with it.

SIMILAR CONTENT SUGGESTIONS

When using social media and streaming sites, content is recommended based on what is the user has consumed i.e. what they have watched or searched for. Therefore, there is a greater chance of your child being exposed to similar violent or horror-themed content on social media after watching a show like *Squid Game*.

VIRAL SPIN-OFFS

As well as Netflix, *Squid Game* has grown in notoriety and prevalence on other platforms, like TikTok and YouTube, with clips of the show going viral. On YouTube Kids, a number of successful channels have taken advantage of the *Squid Game* trend, creating content such as 'How to Draw Squid Game Characters' videos. Its popularity has also led to the creation of app games that put the player in the role of a contestant who is killed if they lose a game.

SCENE RE-ENACTMENTS

Squid Game's pervasive presence on social media has encouraged many content creators to re-enact scenes from the show, which has led to reports of children wanting to also imitate those scenes displayed on social media at home and in school. Much of this content stems from the 'Red Light, Green Light' game from the first episode, where contestants attempt to make it past a giant animatronic girl before she shoots them.

Advice for Parents & Carers

USE PARENTAL CONTROLS

Netflix has easily accessible built-in parental controls that allow you to set up a profile for your child with a specific age rating, block them from watching certain shows and even lock their account so it can't be accessed by anyone else. Netflix also allows you to access your child's viewing history to make sure they're not watching anything inappropriate for their age.

CHECK AGE RATINGS

Age ratings on TV shows and films are a way to gauge what is suitable for audiences of different ages. If you are unsure about the content your child is watching, check the age rating to see if the TV show or film is deemed suitable for their age group. If not, try watching the show yourself or talking to other parents who have seen it before to get a better understanding of why it's been rated a certain way.

MONITOR ONLINE ACTIVITY

Squid Game has become a social media craze and it's possible your child will see some content related to the show on various platforms. Therefore, it's important to be aware of which websites your child has visited on their smartphone, tablet or laptop, and to also keep an eye out for which accounts they are following on social media platforms, such as Instagram and TikTok.

HAVE OPEN CONVERSATIONS

Making sure your child is comfortable telling you about what they see online can go a long way to ensuring you are kept in the loop about their online use. Showing an interest in what your child is doing online gives you the opportunity to discuss what is and is not appropriate for their age group, and how they might recognise their own feelings towards content they see.

MONITOR BEHAVIOUR

Due to the viral nature of the show, even if your child has not seen *Squid Game*, it's important to keep an eye on their behaviour. There have been reports from schools of children 'playing Squid Game' in the playground and acting aggressively towards the losers as a way to replicate the consequences of losing in the TV show. Viewing content that makes your child feel uncomfortable could also cause them to feel distressed or distracted, so it's important you can easily spot the signs.

WATCH THE SHOW

If you're trying to figure out whether you should let your child watch *Squid Game*, it might be a good idea to watch the show yourself first. Doing so will allow you to get a better understanding of the show's content and themes, as well as help you decide if this is something you'd feel comfortable with your child being exposed to.

There's a very good chance you've heard of Fortnite, but what exactly is it? And why is it so popular amongst young people? Fortnite is an online multiplayer "battle royale" game developed by Epic Games, and is playable on Playstation 4, Xbox One, Nintendo Switch, PC and mobiles. It gained popularity in late 2017 and has since become the biggest game in the world, thanks to its rapid and engaging gameplay. As with most games, Fortnite itself is a highly enjoyable and safe experience, but it pays to be vigilant, as the safety is not water tight.

What parents need to know about FORTNITE BATTLE ROYALE

BATTLE ROYALE

Battle Royale games have become very popular over the last couple of years, and most tend to follow a very similar setup. Taking Fortnite as an example, 100 players drop into a map, loot buildings for weapons and armour and attempt to beat all the other players to be crowned victor at the end. If you've ever seen the Hunger Games movies, you'll have an idea of what this entails. Each game can take up to 20 minutes (assuming you last to the end) and can be restarted relatively quickly once 100 free players have been found.

IS FORTNITE ADDICTIVE?

Fortnite is at the forefront of gaming addiction discussions because it is so popular with young people. But whether it actually contributes to gaming addiction is up for debate. WHO (World Health Organisation) have classified gaming as a legitimate addiction, but this is not solely a concern with Fortnite. Signs of addiction can include irritability when not playing, lying about the amount of time played and a preoccupation with thoughts of the next gaming session. Realistically, it must be down to parents and carers to recognise these symptoms and act accordingly if they think they are developing.

FREE TO PLAY... OR IS IT?

While Fortnite is technically free to play (in that you can download and play it without paying) it does come with the caveat that spending money on things like skins and emotes in-game is heavily pushed to players. The currency used in-game is called 'V-Bucks' and can be bought with real money through the game's online store. It's worth remembering that these purchases are absolutely not necessary, are cosmetic only and that V-Bucks can be earned in-game with enough play time.

SEASONAL UPDATES

Every 10 weeks or so Fortnite is updated with a new season. This essentially adds new things like skins and emotes to the game, while also sometimes changing up the game map in interesting ways. These seasons are free to everybody and don't require additional money to play, though battle passes for each season can be bought with V-Bucks. A battle pass will typically allow a player to earn experience faster and gain fun in-game items by completing a host of daily challenges.

CROSSPLAY IS AVAILABLE

One of the wonderful things about Fortnite is that it can be played cross-platform. This means that no matter what platform a person plays on (PC, PlayStation 4, Xbox One etc) they can play with friends who own the game on a different platform. To do this, an Epic Games account must first be created online (which is free) and then linked with your platform account. Doing this removes the age-old boundary of not being able to play together because you don't have the same console and opens up a whole new world of playing online with friends.

IS FORTNITE VIOLENT?

Fortnite has been rated by the ESRB (Entertainment Software Ratings Board) as teen, as it contains cartoony violence and the weapons and acts depicted in the game are some way removed from their real life inspirations. Characters don't draw blood when shot and instead of dying, they are simply beamed up off the map. Naturally, players younger than the recommended age limit will want to play the game and that should be at the discretion of parents and carers.

Top Tips For Parents

BUYING V-BUCKS

As mentioned, Fortnite does contain in-game purchases and microtransactions in the form of V-Bucks which can be bought with real money. If you do decide to let your young one spend money in the game, be sure to delete your card information afterwards as it can be very easy to purchase more items at the press of a few buttons. It's important to set a limit on any purchases (as mentioned they are absolutely not necessary to play the game) and a suggestion would be capping the spending at around £50 - this is the normal retail price of a game.

GAMING WITH STRANGERS

Fortnite Battle Royale is an online game, and as such, there is a chance that young children could come into contact with strangers who are randomly placed into their groups in a game. It's difficult to predict what another person might say or do in a game, so it's a good idea for friends playing together, to be grouped together. The only real countermeasure to interacting with strangers offered by Fortnite is to turn off all mic communications, which can be done in the game's settings. Using outside chat apps, like Skype or Discord while playing, is a great way to make sure you know who you're talking to and that nobody else is listening in.

LIMIT TIME, BUT BE FLEXIBLE

A game of Fortnite can last up to 20 minutes, so be flexible when it's time to put it away. The approach of 'one more game' as opposed to '10 more minutes' will stop any complaints that a match is still ongoing. Better still, play with your child and take it in turns; that way you're helping control the time played and can keep an eye on what they're experiencing.

TALK TO OTHER PARENTS / CARERS

If you're concerned about play time or spending money in the game, talk to other parents and carers of your child's friends. If you approach as a collective, it will be easier to know when their friends are online and you don't have to worry about who they're playing with. It can also help curb expectations on spending money on battle passes and skins if you stick together.

CAN DEVELOP SOME IMPORTANT SKILLS

It's often overlooked just how good gaming can be for young people. Fortnite encourages team play, quick and complex problem solving and communication; that's not to mention the lightning fast reflexes gamers can develop. While taking breaks to do other activities is of course important, there are benefits to screen time which might not be immediately obvious.

PLAY THE GAME YOURSELF

There's no substitute for sitting down and playing the game yourself to learn all about it. Fortnite is available for free on almost anything you can imagine, even your smartphone, so there's never been a better time to get involved and see what all the fuss is about. You never know, you might even be able to impress your children when you show them your impressive Victory Royale tally!

Fortnite: Chapter 2 has finally landed! With a whole host of new in-game features including a brand-new map, more water-based activities, upgraded character skins and a more streamlined arsenal of weapons, this Fortnite is promising to be the best yet. Almost all of the changes are cosmetic which means the concept of the game remains the same, with players still aiming to be the last man standing. Players will no doubt find the game much more enjoyable with so much more to explore. For parents and carers however, it pays to remain vigilant.
